**EATON'S® "GOLD KEY" TAMPER-RESISTANT BAIT STATIONS**  
with the features important to professional users.

**#907 "Gold Key" Mouse Depot™** • this rugged plastic bait station features a baffle design to restrict entry to targeted pests while helping to prevent bait from being translocated by mice. The #907 will hold a 1.5 oz. bag of JT EATON™ AC Formula 90™ or several .5 oz. JT EATON® BROMETHALIN All-Weather BAIT BLOCKS® "See-through" double entries help overcome rodent shyness and encourage entry from two different directions. The triangular shape allows for placement in corners and against walls. Packed 12 stations per case with plastic insert trays. Includes 12 "Gold Keys" per case.

#907 "GOLD KEY"  
Mouse Depot™  
Packed 12 per Case

**#907W "Gold Key" Mouse Depot™ with WINDOW** • has all the features of the #907 stations, plus a clear window for instant bait inspection... another important time saver. Packed 12 stations per case with plastic insert trays. Includes 12 "Gold Keys" per case.

#907W "GOLD KEY"  
Mouse Depot™ with WINDOW  
Packed 12 per Case

**#904 "Gold Key" Rat Depot™** • this model features internal baffles to secure bait, while helping retain bait within the station. To further resist translocation of bait, Bait Holder Rods for each station are packed in each case. The design includes holes in the base to anchor the station with stakes or securing with wires. Packed 6 stations per case, with 12 "Gold Keys", 6 Bait Holder Rods, 6 Refillable Black Bait Trays, 6 Station Locator signs and 6 POISON/VENENO labels.
