

### TO INSERT TRAP:

**1** Pull outer rear tab to open JAWZ™ Depot cover.

**2** Insert trap by sliding the rear of trap firmly under the inside rear tab clip.

**3** Press firmly on both sides of front end of trap until both sides snap into place.

### TO REMOVE TRAP:

**1** Pull outward on inside rear tab while lifting back of trap until back of trap is clear of clip on inside rear tab.

**2** Hold middle of trap and twist to pull one side at a time out of the side clips.

**3** Remove trap from cover completely and dispose of trap properly. Cover is now ready for new trap.
