

**Lock-Up® Premium
Mattress, Box Spring and
Pillow Encasements**

Why Use Mattress and Box Spring Encasements?

- Can be used proactively for the early detection of bed bugs.
- If secure, can protect the value of a mattress and box springs.
- Can aid in controlling bed bugs in an infested dwelling.
- Important that the encasement has been specifically tested and designed to be effective against bed bugs.

Why Use Mattress and Box Spring Encasements?

- Keeps bed bugs inside and prevents those trapped bugs from biting you.
- Prevents bed bugs from setting up harborage in mattresses and box springs.
- **Not all encasements are created equal!**
