EPA REG. NO. 45385-97-56
EPA EST. NO. 45385-OH-01

DIRECTIONS FOR USE

It is a violation of the Federal Law to use this product in a manner inconsistent with its labeling.

General Information: place JT EATON KILLS BEDBUGS II in a suitable sprayer and apply according to directions for use. Do not spray up into air. Apply this product only to surfaces as a spot and crack & crevice treatment. Hold approximately 12 inches from surface to be sprayed. Squeeze trigger to spray until surface is slightly moist. JT EATON KILLS BEDBUGS II's long-lasting action keeps on killing for up to 16 weeks after you spray. Contact kill gives you immediate results when spraying insects directly, while residual activity kills insects when they return to treated areas.

JT EATON KILLS BEDBUGS II It is intended to be used in Homes, Hotels, Motels, Apartments, Atriums, Attics, Automobiles, Basements, Bathrooms, Boats, Cabins, Campers, Carports, Cat Sleeping Quarters, Clothes Storage, Condominiums, Dens, Garages, Gazebos, Kitchens, Lanais, Living Rooms, Parlors, Pet Sleeping Areas, Play Rooms, Porches, Recreational Vehicles, Solariums, Storage Areas, Sun Rooms, Utility Rooms, and Verandas. Do not use in commercial food handling establishments, restaurants or other places where food is commercially prepared, processed, or served.

BEDBUGS: Remove linens and wash before reuse. Lightly spray mattresses, especially tufts, folds and edges. Apply to the interior of the bed frame. Allow to dry before remaking bed. Treat baseboards, moldings and floors. Repeat treatment as needed.

FLEAS and TICKS: Apply as a spot and crack & crevice treatment to areas where these pests crawl and hide; especially in hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves drawers, bookcases, and similar areas. Remove all food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Exposed food should be covered or removed. Repeat as necessary but not more than once per week.

TICKS (Including ticks that may cause Lyme disease) and Fleas on Surfaces: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas and larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered with EPA for use on pets before allowing them to return to the treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use.

SPIDERS: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container in a dry, cool, secured area. Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

PESTICIDE DISPOSAL: As a responsible environmental practice, where possible, it is recommended that all of the contents of the container be used, carefully following label directions and precautions.

CONTAINER DISPOSAL: IF EMPTY: Non-Refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local waste agency or 1-800-253-2687 for disposal instructions. Never place unused product down any indoor or outdoor drain.

SPILL: In case of spill, absorb liquid with absorbent material such as soil or clay, etc. sweep up and dispose of material according to PESTICIDE DISPOSAL - IF PARTLY FILLED - directions above.

WARRANTY STATEMENT

Our recommendations for the use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such, or the results to be obtained if not used in accordance with directions or established safe practices. The buyer must assume all responsibility for, including injury or damage, resulting from its misuse as such, or in combination with other materials.
