JT EATON™
SATISFACTION
GUARANTEED

Every Eaton product is warranted to provide complete satisfaction when used according to the product's label directions.

If, within a period of one (1) year of the date of purchase, you are not completely satisfied with the product Eaton will replace it, substitute another Eaton product of comparable value, or refund your purchase price - whichever ever makes you happy.

It's your total assurance of quality and satisfaction...

"Guaranteed Satisfaction".

A handwritten signature in black ink, appearing to read "Stanley Z. Baker". The signature is fluid and cursive, with the first name "Stanley" being more prominent than the last name "Baker".

THE ORIGINAL AND STILL THE BEST GLUE IN THE BUSINESS! OFTEN IMITATED BUT NEVER DUPLICATED.

The strongest and most effective glue for catching big and small pests.

Ready-to-use, ecologically friendly STICK-EM® and PEST CATCHERS® Glue Traps are the easy, no-mess way to control rats, mice, snakes, roaches, spiders and other crawling insects.

Sanitary and easy-to-use STICK-EM® and PEST CATCHERS® Glue Traps provide for easy disposal of trapped rodents. Our non-drying, non-flowing glue retains its superior holding power indefinitely. Our thermo-formed plastic trays help prevent glue seepage problems. Non-Poisonous, solvent free and without noxious odors JT EATON™ Glue Traps with Peanut Butter scent attractant are perfect for people sensitive areas such as homes and apartments.

All packaging features Spanish and English.

JT EATON™ PLACE PACKS RODENTICIDE

No. 310

No. 328

No. 327

No. 326

No. 315

PLACE PACKS RODENTICIDE SEED BAIT

Mice and rats love seed. A-C FORMULA 90™ is the only product in the market which offers rodents a loose seed formula in place packs. These handy, effective and economical anti-coagulant place packs make control of Norway Rats, Roof Rats and House Mice fast and easy. Containing high-quality food ingredients natural to a rodents diet, these place packs allow the bait odor to seep out and lure rodents to feed. The rodents gnaw through the moisture proof place packs to quickly consume a fatal dose. Chlorophacinone, the active ingredient, is an extremely effective anti-coagulant. Great for large infestations. No bait shyness, even with repeated use. Consumer never touches the bait with these sealed place packs. Very simple to use. Colored green to prevent misuse.

310

A-C FORMULA 90®

They say that placement of bait is everything with controlling rodents. This package allows you to have 10 placements for thorough coverage.

10 - 1.5 oz. Place Packs per Package • 12 Packages per Case with Two Shelf Displays

310-6

A-C FORMULA 90®

10 - 1.5 oz. Place Packs per Package • 12 Packages per Case with Two Shelf Displays

327

A-C FORMULA 90®

Four place packs to set up a parameter around trouble areas. 4 - 1.5 oz. Place Packs per Package • 12 Packages per Case

328

A-C FORMULA 90®

Four large 4 oz. place packs for heavy rodent control. The same great product of A-C Formula 90®, with enough material to handle city sized rodents.

4 - 4 oz. Place Packs per Package • 12 Packages per Case

315

ANSWER FOR CHIPMUNKS RODENTICIDE KILLS CHIPMUNKS

Now you can effectively control destructive chipmunks. 10 placements provide extensive coverage. EPA recommends this product be used with a Tamper-Resistant bait station. The JT EATON™ No. 904 Gold Key and the No. 910TP STRONGBOX™ are excellent for use with this and all JT EATON™ baits.

10 - 1.5 oz. Place Packs per Package • 6 Packages per Case in Two Shelf Displays

JT EATON™ BAIT BLOCK® RODENTICIDE

No. 276

No. 776PN

No. 377

No. 776PNS

No. 774AP

JT EATON™ WAX BAIT BLOCK® RODENTICIDE

We invented the wax BAIT BLOCK® and now it is the most widely used form of baiting by professionals. We are also the only flavored bait in the industry, with the formula that maintains high palatability for extra effectiveness. Highly effective, yet they still cost less than many imitators.

Specially formulated with high-quality blends of favorite foods and grains that rodents prefer, the JT EATON™ BAIT BLOCK repeatedly lures Norway Rats, Roof Rats, House Mice and Pocket Gophers without generating bait shyness. The unique shape provides rodents with many gnawing edges and the blocks easily break into rodent-size portions as they chew.

Diphacinone, the active ingredient, is an extremely effective anti-coagulant. Colored to help prevent misuse.

276

ANSWER® For CONTROL of POCKET GOPHERS

16 oz. of specially designed and formulated for gopher control. Highly effective and remains palatable for extended periods underground. **Sold West Of The Mississippi Only.**
4 - 4 oz. Blocks per Package • 12 Packages per Case

377

PEANUT BUTTER BAIT BLOCK® RODENTICIDE

Special package for shelves or can be peg hooked.
12 oz. of product. Peanut Butter flavor.
Paraffinized design resists moisture and extends bait efficacy. Effective for both spot use and large infestations. Economical, excellent for continuous control.
6 - 2 oz. Blocks per Package • 12 Packages per Case

774AP

APPLE BAIT BLOCK® RODENTICIDE

20 oz. of Apple flavor BAIT BLOCK®. Long a favorite of professional Pest Control Operators, now available for retail sales.
10 - 2 oz. Blocks per Package • 12 Packages per Case

776PN

PEANUT BUTTER BAIT BLOCK® RODENTICIDE

16 oz. of bait. Paraffinized design resists moisture and extends bait efficacy.
8 - 2 oz. Blocks per Package • 12 Packages per Case

776PNS

JT EATON™

STICK-A-FLY® FLY TRAPS

No. 442

No. 443

No. 444

JT EATON™ STICK-A-FLY® FLY TRAPS

Effectively control flies and other flying insects with time tested STICK-A-FLY® Fly Glue Traps. The space-age glue traps and holds flying pests, providing effective control without harmful chemicals, poisons, fumes or odors. The stylized “fly” pattern on the No. 444 trap masks any objectionable view of trapped flies. Available in several product styles, the STICK-A-FLY™ line has a product that will fit your needs.

442

STICK-A-FLY® FLY RIBBON ON A ROLL

14 foot handy spool of fly and insect catching power. This sticky ribbon roll can be pulled down to expose any length desired. Once that portion is full of trapped flies and insects, simply snip off with scissors and pull a fresh length down, for continuous and economical fly-catching power.

Available with Merchandising Strips - #442C

2 - 12 Piece Strips per Case

6 Rolls per Shelf Display • 2 Displays (12 Rolls) per Case

443

STICK-A-FLY® FLY TRAPS FOR WINDOWS

Discreet, small size can be easily hidden behind curtains and drapes. Place into right side upper window corners where flies are drawn to naturally. Traps large amounts of flies and is easily disposed of.

24 Packages containing 5 traps each per Shelf Display

1 Shelf Display per Case

444

STICK-A-FLY® FLY TRAP

Decorative and unique, this reliable, effective, convenient attractive trap can be placed on shelves, attached to walls using double sided tape or hung from light fixtures, ceiling grids and more. Includes real pheromone attractant.

Package features English and Spanish.

12 Packages per Case

JT EATON™ SNAP TRAPS

Widely known and accepted for many years for its simplicity, dependability and the ultimate in low cost rodent control, the traditional snap trap has a continuing place in rat and mouse control.

JT EATON™ snap traps provide the solid construction, reliability, quality and low price JT EATON™ is famous for. The JAWZ™ Mouse Trap and JAWZ™ Rat Trap continue that tradition with incredibly easy to set and extremely effective traps. This design also allows for easy disposal of the dead rodent.

ANSWER® MECHANICAL MOLE TRAP

Eliminate pest moles from gardens and lawns without the use of poisons. Tough, galvanized steel trap is adaptable to most soil conditions, from moist to dry, with minimal site preparation.

1 per Package • 6 Packages per Case

666N

4 the Birds® BIRD REPELLENT GEL

The ecologically friendly way to discourage pest birds from roosting in an area. JT EATON™ 4 the Birds is a transparent gel that can be applied to almost any structure, according to directions, where pest birds rest, roost or nest. The tacky material is uncomfortable to birds which discourages them from remaining in that area. Easily applied with a standard caulking gun to structural areas such as ledges, beams, chimneys, sills, roof ledges, air conditioners, signs and more. Effective up to one year under most weather conditions.

FOLLOW ALL LABEL DIRECTIONS FOR BEST RESULTS.

10 fl. oz. Caulking Tube • 12 Tubes per Case

FAMOUS JT EATON™ RODENTICIDES

Provide excellent control of all types of rodents.

Original BAIT BLOCKS®, A-C FORMULA 90™ and TOP GUN™ baits provide superior performance as both a clean out bait and a maintenance bait. All are highly palatable to rodents and are excellent for use indoors and outdoors. All have center holes for placing on bait holder rods or securing through wires or nails. All are packed in "Tamper-Evident" plastic pails.

JT EATON™ ANSWER® for CONTROL OF POCKET GOPHERS

is an excellent bait for control of pocket gophers. The blocks are designed specifically for Subterranean use only and are available West of the Mississippi Only.

JT EATON™ ANSWER® for CHIPMUNKS RODENTICIDE KILLS CHIPMUNKS

The FIRST EPA Approved bait for control of chipmunks.

709AP

BAIT BLOCK®
WITH **APPLE** FLAVORIZER™
72 x 2 oz. blocks per 9 lb. pail

709PN

BAIT BLOCK®
WITH **PEANUT BUTTER** FLAVORIZER™
72 x 2 oz. blocks per 9 lb. pail

750

277

ANSWER® FOR CONTROL OF POCKET GOPHERS
Easy-To-Use 4 oz. block controls all species of Pocket Gophers. Moisture resistant and remains palatable to gophers for extended period of time in the burrow.
"Two block" application system leaves adequate bait in the burrow to control gophers invading the burrow after the death of the original gopher.
40 x 4 oz. Blocks per 10 lb. "Tamper-Evident" Pail

715

ANSWER® FOR CHIPMUNKS
RODENTICIDE KILLS CHIPMUNKS
Professional size container. EPA recommends this product be used with a Tamper-Resistant bait station. The JT EATON™ No. 904 Gold Key and the No. 910TP STRONGBOX™ are excellent for use with this and all JT EATON™ baits.
70 - 1.5 oz. Place Packs per "Tamper-Evident" Pail

4 the Birds®

No. 666N

No. 677

4 the Birds® BIRD REPELLENT

The ecologically friendly way to rid buildings of pest birds without harming them. 4 the Birds® No. 666N is a transparent gel that can be applied to almost any structure where pest birds, rest, roost or nest. The tacky material is uncomfortable to birds, which discourages them from staying.

666N

4 the Birds®

TRANSPARENT BIRD REPELLENT GEL

4 the Birds Gel is easily applied using a standard caulking gun to structural areas such as, ledges, chimneys, sills, roofs, air conditioners, signs, and other outside structures.

10 fl. oz. Caulking tube.

Packed 12 Tubes per Case.

677

4 the Birds®

TRANSPARENT BIRD REPELLENT LIQUID

Ready-to-use 4 the Birds® Liquid, can be applied using a brush or spray equipment as directed to inside building beams, outside to bushes and bare trees in the fall or winter.

One gallon container.

Packed 4 Gallons per Case.
